

REGULAR PRICES

WHICH DO I CHOOSE?

TRADITIONAL :

This pricing structure is one you've been used to over the years. First, choose a session based on time in the studio. Second, we make paper proofs or proof sheets (if you're in a hurry) and you order from these. There is an advance payment if you want to take these home to review prior to ordering. Third, you place your order choosing from one of our packages (detailed on back cover) or by the individual sheet, which is defined below. The initial cost is lower and we ensure for you high quality prints. There are no images put on disc however with these sessions.

DIGITAL :

This pricing structure is emerging as our new way of serving you. With this method, First, you choose a session from page 6. Second, we print proof sheets for you to review. Third, choose your images based on what your session includes, plus any additional images you wish to purchase, and we put them on a copyright released disc. The perk of this session is that you can print as many of your images as you want, wherever you want and as long as you want. The initial costs are moderately higher than the traditional method, but you save more in the end. **No paper prints are included.**
